Weddell Sea in Search of Emperors with Helicopters | 15 days

Excitement fills the ship as we enter the **Weddell Sea** on this voyage to the **Antarctic Peninsula's** wild side. Ahead lie the backdrops to **Shackleton's** and **Nordenskjold's** polar survival epics. Our goal is the famed emperor penguin rookery at **Snow Hill Island** with around 4,000 breeding pairs. Here weather and ice movements are unpredictable so we pick our landings accordingly.

As we are unlikely to reach through the ice as far as **Snow Hill Island** we aim for the ice-edge near **Antarctic Sound/James Ross Island**, to watch penguins on their way to open water.
